SUMMIT'S FAVOURITE FINDS

Dog gear, training tools & everyday essentials we actually use and love

A note before you shop: These are products we genuinely like, use or recommend. Summit Service Dogs is not paid, sponsored or endorsed by the brands or retailers linked in this guide, and we do not receive compensation from these links. Links are provided simply to make products easier to find.

Our approach: We strive to find the best quality for the best price, and this list reflects that. That being said you do not need to buy the exact product or shop at the linked retailer if you find a suitable option elsewhere.

Keep your dog's size in mind: Equipment sizing can vary based on your individual dog's size, build and fit. Always check measurements and sizing before purchasing collars, harnesses, gentle leaders, crates, beds and other size-dependent equipment.
